

Spring Holiday 2023

Complete your challenge and show your work to your school for Children's University Learning Stamps to be awarded.

Easter: All Around the World	1 Learning Stamp
	<p>Find out how Easter is celebrated in different parts of the World.</p> <p>We would like you to explore this tradition in at least 3 different countries.</p> <p>Can you create a news report to teach others what you have learned?</p>
Science Sparks – Egg Challenges	1 Learning Stamp for each activity completed
<p>Science Sparks have created a great selection of Egg Challenges.</p> <p>Whether you choose Egg Parachutes, Tooth Decay, Egg Zip Lines, Crash Test Eggs or Rolling Eggs, the Science is fascinating.</p> <p>Click on this link or visit www.essexchildrens university.co.uk and click on STEM Faculty.</p>	
Cotton Bud Painting	1 Learning Stamp
	<p>This painting, made with Cotton Buds, caught our eye in the office.</p> <p>There are so many beautiful Spring flowers on display.</p> <p>Get outside and look for some artistic inspiration.</p> <p>Can you create your own cotton bud artwork?</p>

Take Notice of Nature

1 Learning Stamp

Ready to get detecting?
Spot frothy blossom and furry catkins.

[You'll find all you need to know on this link.](#)

How many can you find?
If you can't find them all, keep hold of the sheet and keep your eyes open, there are some useful dates to help you.

Baking – Cupcakes

1 Learning Stamp

Baking is a great way to earn some learning stamps and we would like you to get creative with your decorations. We've added a few of our favourites as inspiration.

Draw with Rob – Steam Engine Challenge

2 Learning Stamps

I know how much lots of you enjoy your Draw with Rob sessions.

As you have a 2-week break I would really like you to challenge yourself.

I've had a good look through the Draw with Rob sessions and think that the Steam Engine Challenge is a wonderful way to extend your skills.

No rush, take your time and I can't wait to see the results.

Visit the Draw with Rob website [#DrawWithRob — Rob Biddulph](#)
You'll find the Steam Engine is Number 70.
